

THE WORLD BARGE PULLING CHAMPIONSHIPS

in association with

The Beverley Barge Preservation Society is delighted to announce that on Sunday September 23rd 2018 (11.00am onwards) it will be hosting the fourth annual World Barge Pulling Championships.

The event will take place on Beverley Beck and will involve teams of 4 (men, women or mixed) pulling the 64 ton barge *Syntan* over the 200 metre course in the fastest possible time.

We would like to invite you to take part by putting together a team or teams willing to stretch sinews and summon up the blood to compete for this most prestigious honour. Please get your entry form in early.

The fee for entering is £10 per team and, though not essential, teams may wish to dress for the occasion in suitable apparel. The entry fee should be paid with the entry form (any cheques made payable to *The Beverley Barge Preservation Society*). Attached is a set of rules governing this most prestigious sport.

Entry can be by post to *Brian Holmes, 33 Beech View, Walkington, Beverley HU17 8SE* or handed to a member of the Beverley Barge Preservation Society (most often found at the barge *Syntan* moored on Beverley Beck – if no one there simply use the post box opposite the *Syntan*).

ALL ENTRY FORMS SHOULD BE RECEIVED AS SOON AS POSSIBLE.

- ✓ And why not be sponsored for the event. A sponsorship form is included with the information pack.

If you have any queries please send them via our email address (info@syntanbarge.org.uk)

So come and join us and compete to be the best barge pullers in the world.

If you prefer you can, of course, simply be a spectator but nothing beats the taking part!

Also see the Society on Facebook.
